

## Nairobi Statement

The YMCA wants to achieve its full potential  
We therefore must be a stronger movement  
We therefore must attract greater resources  
We therefore must have more visibility  
We therefore must demonstrate greater impact  
We therefore must have a shared focus  
Relevant to the world  
Grounded in our mission  
Worthy of our aspiration  
Connected to our current work  
We therefore choose to collectively stand for  
youth empowerment
